

Electrician 1 Exam

The first step in getting a job with the State of California is passing an exam. CalHR is now offering an exam for the Electrician 1 classification. Exams are required to obtain eligibility for job vacancies.

Position Definition

This is the entry and first journey level of this series. Incumbents install transmission lines for electrical equipment; assemble, install and repair electric lights, motors, heaters, generators, transformers, switchboards and other electrical apparatus; troubleshoot electrical systems; operate electrical power generating plants; maintain an electric shop; operate electrical equipment; advise in the selection and storage of electrical equipment; consult and work with other tradespeople; make rough sketches and estimate the cost of minor electrical installations; keep simple records and make reports; and instruct and lead unskilled assistants.
